Somerset West
7130

Please understand how dental fees work to enable us to focus on providing you with personalized and comprehensive dental service

- Our treatment is based on your dental health needs and not on your medical aid coverage
- All fees must be settled by either cash debit– or credit card on the day of treatment, consultation or procedure
- Patients are responsible for payment of accounts, including any portion not reimbursed by their medical schemes
- It is your right to accept or decline our recommended treatment plan. If you reject or delay recommended treatment, you do so at your own risk
- Patients are encouraged to submit cost estimates to their schemes before proceeding with treatment so that they may budget accordingly
- All patients will be furnished with an account for services rendered. This should be submitted to your medical aid without delay, so that you can be reimbursed properly.
- You may be billed for cancelled or missed appointments on less than 24 hours advance notice

Know you medical scheme cover

- * Your medical aid cover is a contract between you and the medical scheme and NOT between the doctor and the medical scheme
- * All medical schemes have different conditions, limits and benefits levels
- * We strongly advise patients to understand their medical scheme coverage
- * We DO NOT accept any responsibility for your medical scheme coverage and you remain responsible for payment for all accounts

We are committed to providing an excellent dental care experience to you and your family. We welcome discussion on any aspect of your treatment or the cost thereof
